

Chainsaw Lanyard

PN: DP-5013

Introducing the ProClimb Chainsaw Lanyard, designed to meet the toughest demands of professional climbers. Built to ANSI 121-2018 standards, this lanyard offers 5 feet of extension, giving you full arm reach and maximum mobility while contracting to just 21 inches for easy storage. With a durable design that supports up to 15 lbs, it's perfect for a variety of chainsaws, including top-handle models. Featuring two attachment methods, it ensures versatile and secure tool management, making it the ideal choice for arborists, utility workers, and other professionals who need reliable, efficient gear.

Features & Benefits

- **ANSI 121-2018:** Meets the strictest standards for securing tools.
- **5' of Extension:** Provides full arm reach for increased mobility.
- **Contracts to 21":** Ensures compact storage and easy handling.
