Rope and Gear Backpack

Transform your daily carry with Pelican Rope's **Rope and Gear Backpack**, blending comfort with functionality for climbing, construction, utility work, or just tackling everyday tasks. The spacious main compartment, equipped with double zipper pulls for quick access, easily holds laptops, harnesses, flip lines, gloves, or extra layers. Dual front pockets keep gear organized – the generous pocket is perfect for stowing phones, gloves, or a wallet, while the slim above pocket provides quick access to smaller essentials like carabiners, cords, or earbuds.

- Compact design with adjustable straps for staying close to the body
- Spacious main compartment with double zippers for easy access
- Dual front pockets: large (5.5"W x 7"H) and slim (6.5"W x 2"H) securely hold gear
- Dual side mesh pockets fit water bottles or other gear
- Padded shoulder straps for all-day comfort
- Sturdy loop handle for quick grab-and-go
- Holds up to 200' of climbing line
- Pelican Rope durability built to last

* Not suited for carrying heavy rope
